Editorial

THE OFFICIAL CATHOLIC DIRECTORY is recognized by the United States Government and by our individual States, as well as by all Catholics, as the official statistical record of the Catholic Church in the U. S. A. This issue for 1944 appears at a time when war restrictions seriously handicap the ordinary procedure of editing, typing and manufacturing, but the work has gone forward to a happy completion.

For the endeavor to make comparable the statistics given herein, your Editor is pleased to make public acknowledgment to Most Reverend Karl J. Alter, D.D., Bishop of Toledo, whose wisdom, knowledge and earnest effort have arranged for uniform entries in the RECAPITULATION which appears at the end of each Diocese, which results in accuracy and eliminates the possibility of duplication. All of these RECAPITULATIONS have been gathered into a new and much larger GENERAL SUMMARY, which tabulates three times as many categories as heretofore and appears after page 1287. Thus we are assured of absolute accuracy in the collection of our statistics.

For military reasons, those young Priests of God who are serving our Armed Forces are listed without address, but all may be identified under the MILITARY ORDINARIATE, pages 765 to 776. Their names also continue in the alphabetical list of Priests, with mention of the Diocese to which they are attached, following which is the simple caption "U. S. Army Chaplain" or "U. S. Navy Chaplain."

Business Services for Subscribers Your Editor recognizes, with grateful appreciation, those business friends who have placed their advertisements in this book, many of whom have continued their support through many decades. All without exception have shown a spirit of good will and, without the revenue so derived, the cost of producing THE DIRECTORY would make the subscription price prohibitive. The advertisements have been carefully scrutinized and all statements contained therein have been checked to assure correctness as well as dignity.

On the opposite page is the Classified Index and Buyers Guide, which will prove helpful in suggesting names of responsible dealers supplying particular wares and services. As an added convenience, you will find post cards facing the rear cover, and through their use, our Service Department will place you in direct touch with sources of supply and make earnest effort to serve you promptly and correctly. To those who use this book I send greeting, with the sincere hope that it will prove of proper service to you who actively work in the Vineyard of Our Lord.

An Imponderable Ingredient

Visitors at the Will & Baumer plant, and in particular the Clergy, often remark at the extra care taken to insure the purity of the materials that go to make up our Church candles. They notice, too, the presence of an ingredient that cannot be measured or weighed—the attitude that permeates the entire Will & Baumer organization—an attitude that springs from the realization of the noble purpose our candles serve—as the visible symbols of latrinal veneration—of shining faith.

AGNUS DEI TABERNACLES

The manufacture of AGNUS DEI Tabernacles as well as all ecclesiastical metal work by Summit Studios, as previously announced, has been suspended for the duration. We wish here to express our appreciation for the many orders and reservations which have been sent us since operations ceased, not only for tabernacles but also for numerous other metal furnishings of which the work illustrated above is typical.

A most gratifying number of old and new customers among the Reverend Hierarchy and Clergy have already placed orders with us for standard

and special designs. Should you be planning to install AGNUS DEI Tabernacles on your own altars, it is most essential that reservation be made now for early delivery; for some time after we resume production preference must be given to such prior orders.

Please bear in mind that your reservation may be cancelled at any time and that all advance orders, delivery dates and prices will be confirmed by us before proceeding with manufacture. Your correspondence in this regard is most cordially invited and all reservations will be carefully recorded. Address us only at Sparta, New Jersey.

Are you **CERTAIN** that your church is properly, adequately and economically **INSURED?**

THE insurance needs of a church are far more complex than those of a house. There may even be a wide difference in the insurance needs of two churches in the same community. No one but an experienced insurance agent can be expected to know the many different types of insurance available and to properly "diagnose" a church's specific needs. Do you have enough fire insurance on your church? Are you carrying too much? Are you properly insured against those other common hazards that cause much property loss every year? What particular policies should you have for the rectory, the school, the convent?

Any "North America" Agent will be glad to sit down with you and make a thorough survey of your specific needs, tell you just which policies you should have, how much they will cost, which types of insurance you can afford to dispense with. The "North America" Agent in your community is always glad to give you the benefit of his experience and advice, with no obligation on your part. Consult him as you would your lawyer or doctor.

"North America" Agents may be found in the Classified Telephone Directories, under the name and identifying "Eagle" emblem of

"A Man Is Known by His Works"

I know of no better way to win your confidence in my ability than to refer you to the many interiors which I have designed and produced during the past 30 years as an ecclesiastical decorator.

Illustrated below is one of the more recent inspirational interiors which I created. I shall be glad to show other original creations, as well as letters of commendation from those for whom I have done the work.

In large, small, new and remodeled structures, it is my aim to always use the types of material which best express the desired effect . . . and assemble and finish them in the most artistic and effective manner.

Suggestions and estimates gladly submitted for: Murals, Lighting Fixtures, Dossals, Mosaics Decorations, Stained Glass, Wood, Metal and Marble Altars and Statues of Wood and Marble.

← Reredos: Structure is of aged oak. Mouldings are walnut. Carvings and Corpus bleached white wood like fine old ivory. Center panel swirl Kalobra. Tabernacle and Cross bronze repousse work.

Convent of the Sacred Heart, Menlo Park, California. → Reverend Mother Rosalie Hill, R. S. C. J., Vicar. This inspiring interior was created in the old Chapel. Mellow Oak beams and wall paneling in different tones and kinds of oak. Stations of the Cross and other figures in carved oak. Stained glass windows medallion type.

Marble Altar: Breche Mouchette, carved capitols and columns brought out with Vert Antigo back plate.

Altar Canopy, sanctuary lamps, candelabras and lighting fixtures in bronze. Ceiling panels decorated in gold, blue and green with rich symbolism.

Better Heating

-Today and Tomorrow

Institutional buildings require an economical, controllable heating system that will guarantee prompt heating-up, balanced distribution of steam and even, comfortable temperatures in every room.

The Webster Moderator System of Steam Heating has proved its ability to supply this type of heat in a large number of the finest Catholic colleges, schools, hospitals and other institutional buildings in America.

With the Webster Moderator System of Steam Heating, there is no waste of valuable fuel through overheating. An Outdoor Thermostat automatically changes the heating rate to agree with changes in outdoor temperatures. Continuous heat flow from every radiator helps maintain comfortable temperatures in every room.

The Webster Outdoor Thermostat automatically changes heating rate when outdoor temperature changes. This device is part of the Webster Moderator System, a central heat control that is saving fuel for hundreds of America's commercial and institutional buildings.

More Heat with Less Fuel

Actual surveys made by Webster Engineers show that seven out of ten large buildings in America (many less than ten years old) can get up to 33 per cent more heat out of the fuel consumed with the Webster Heating Modernization Program.

Catholic leaders who are planning building construction or modernization both now and after the war will be interested in "Performance Facts." Write for booklet containing case studies of 268 modern steam heating installations and the savings possible in dollars and cents with the Webster Moderator System of Steam Heating.

Doig introduced and pioneered this modern appointment of the Confessional. It has inspired imitators, but none can offer the patented, sanitary and acoustical features of Screen-o-fane. It insures perfect two-way protection against breath odors and respiratory germs; and its acoustical features definitely improve auditory reception.

Screen-o-fanes cost only \$10.00 each and are easily screwed to the grille. Try one for 30 days—then judge for yourself whether you want them for all Confessionals.

CATECHISM
COMES TO
LIFE

BECAUSE the cream of Catholic thought takes the far-reaching view, the need for its calm and resourceful guidance is distinctly obvious in today's world. It emanates from the pages of the **Catholic Digest** each month in condensed form for convenient assimilation by busy moderns. Yet, to take the bird from the bush and put it in Catholic hands is a task which, like most sound teaching, falls to the individual parish. And in the process, while parishioners improve their leisure time with this alert and authoritative source of Catholic world information, the funds of the parish begin to swell.

A RECENT survey among 2,000 churches in the United States pointed out startling statistics. Pamphlet sales average one copy for every 66.3 families in the parish. When actively sold at church exits by parish organizations, one **Catholic Digest** enters every 34.9 homes. And when the salesmanship of the groups is augmented by an announcement from the pulpit, the average increases to one sale for every 15.9 families! Word-of-mouth comment from buyers to non-buyers generally raises the curve to an even higher level. And always, where a conscientious effort at distribution is made, a rise in the number of converts is apparent.

SUCH a harvest will await any parish after Victory when paper restrictions are no longer in force. When it will come a 40% profit, for parishes and schools may buy the **Digest** in bulk at 15c per copy and resell at a retail price of 25c. Meanwhile, if we are unable to fill your order, it is because we, in sharing the obligations of all good Americans, are cooperating fully with the War Production Board in the conservation of vital materials.

Quiet and Dignity

IN A WORLD AT WAR

HOW fortunate it is that one place is set aside from the noise and turmoil of the world at war—your church. Fortunate, too, that so many of America's beautiful church properties are guaranteed full seclusion and security by an enclosure of dignified fence. It keeps careless trespassers from doing harm—yet it permits everyone to see the full beauty of your buildings and landscaping.

Cyclone Fence has been the choice of hundreds of churches, schools and other institutions because it provides rugged, well-built fence that is entirely pleasing in appearance.

Of course, the vast amounts of steel needed in the war effort make it impossible to provide fence right now. But there is no harm in making plans—in getting recommendations and an estimate—without obligation. If you are considering fence for your property any time in the future—get the facts now about U·S·S Cyclone Fence. Send for our complimentary book that illustrates many types of fence. Remember, there's no obligation involved in an inquiry.

Metal Work

The Monstrance illustrated was made for the Rev. James T. Rogers, D.D., Pastor of the Church of the Good Shepherd, Brooklyn, New York. It is an excellent example of our careful workmanship and design. Executed in fine Romanesque style and cast in bronze by the lost-wax process, it is finished in gold and silver

plate, set with precious stones and enamels (*champlevé*). All detail is brought out by hand chasing. The bas-reliefs on the triangular base depict the Nativity, the Last Supper and the Crucifixion. The lunette is fitted with a solid convex lens, rather than the conventional bent glass. Height 36 inches.

The crucifix and candlesticks, at the left, were executed for the Most Reverend Thomas M. O'Leary, D.D., Bishop of Springfield, for the Motherhouse of the Sisters of Providence, Holyoke, Mass. The 48 inch high crucifix and six candlesticks in proportion, are of cast bronze, highly hand chased, and inlaid with some enamel. The corpus is especially noteworthy since it was cast in bronze by the lost-wax process from an outstanding example of the Oberammergau wood carvers' art.

We are splendidly equipped to furnish Chalices such as this, in special and exclusive designs, as both our designers and metalsmiths are reputed for their skill and knowledge in producing fine ecclesiastical metalware. The chalice illustrated is sterling throughout and decorated with engraved and repoussé ornament.

Have a "Coke" = Good winds have blown you here

... a way to say "We are friends" to the Chinese

In far-off places, when Coca-Cola is on hand, you find it cementing friendships for our fighting men. China knew Coca-Cola from Tientsin to Shanghai, from Hong Kong to Tsingtao. To Chinese and Yank alike, *Have a "Coke"* are welcome words. They belong with friendliness and freedom. From Atlanta to the Seven Seas, Coca-Cola stands for the pause that refreshes—has become a symbol of good will among the friendly-minded.

* * *

Our fighting men are delighted to meet up with Coca-Cola many places overseas. Coca-Cola has been a globe-trotter "since way back when". Even with war, Coca-Cola today is being bottled right on the spot in over 35 allied and neutral nations.

"Coke" = Coca-Cola

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

SUPERVISION AND SERVICE COSTS**

The Dunham system of heating with sub-atmospheric steam is of particular interest in the heating of church, school and hospital buildings by reason of its economy both in fuel and in manpower. Dunham has the important added advantage of complete and immediate automatic control of room temperature under *all* weather conditions and variations. In fuel savings alone many Catholic buildings have had their fuel costs reduced by more than 40% through changing over an existing system to Dunham Differential Heating.

THE EUCHARISTIC TABERNACLE SAFE

is constructed of heavy cast bronze and heavy rolled steel. Each Safe has an air chamber between the inner and outer walls which is lined with asbestos.

It has no open grooves in the front, nor hooks, or latches in the doorway. Both inner and outer doors close noiselessly.

The locking device is of a special construction so that the lock cannot be picked or opened with a master key.

BURGLAR ALARM

An electric burglar alarm can be installed in any of our tabernacles. The alarm can be made to ring in either the Sacristy or Rectory as soon as anyone tries to open the doors, even the least fraction of an inch.

THE EUCHARISTIC TABERNACLE SAFE

The Eucharistic Tabernacle Safe has no doors to pull open by hand. A mere turn of a strong bronze and steel key not only unlocks but opens the doors. More than 4,250 altars in not only the United States but many foreign countries have this Tabernacle.

APPROVED AND RECOMMENDED

The Sacred Congregation of Rites has approved and recommended the Eucharistic Tabernacle Safe. It occupies a prominent position in the magnificent altar of the Pauline Chapel of the Vatican. Consult your local Church Goods Dealer, Architect or Altar Builder.

The Eucharistic Tabernacle Safe is made in fifteen standard designs. It can be made in any special design submitted by your architect and can be made to fit any Altar opening. A bronze rear door can also be installed and the Tabernacle can be enlarged to accommodate eight to twelve Ciboria. It can be finished in any color to harmonize with the woodwork or metalwork.

Write for Our New Catalog—We repair and refinish old candlesticks, candelabra, crucifixes, and church metalware of all kinds. Chalices, Ciboria, and Ostensoria gold plated and burnished. All articles shipped to us for repair and refinishing are insured against all loss until returned to you.

This is the McCray Refrigerator specially manufactured under contract for the U. S. Navy.

Freshness is retained in food entrusted to McCray Refrigeration within this Model RT-441S. Shelf space 40 sq. ft. Capacity 41.2 cu. ft. net. Floor space 54 1/4" x 33".

to

NEW REFRIGERATOR CAPACITY

McCray Model RT-661L has a cubic-foot capacity of 61.8 net. Floor space is 81" x 33" and there is ample shelf space.

• The Navy's experience with refrigerators to take the rough usage of rolling ships is worth considering.

When buying new refrigerator capacity for the perishables you store, remember that during the first months of the war many lightweight units went to sea and couldn't take it! They were never built for such "active duty"—not as McCray Refrigerators are. It was McCray commercial type refrigerators which proved themselves the true "battleship construction."

The dominant importance of food preservation, as the third war summer nears, suggests this: Check your refrigerator capacity against anticipated storage needs. Fortunately, the production controls have been adjusted so that we can supply your needs.

IRON FIREMAN

Conserves Coal and Manpower

—proves wise heating investment

← **St. Joseph's Hospital**

St. Joseph's Hospital, Joliet, Ill., wages war on waste of coal. With hand-firing there was an unavoidable waste of coal in wheeling, dumping, and shoveling. When Iron Fireman automatic stokers were installed, fuel costs were reduced \$1,700 annually. The Pneumatic Spreader stokers conserve coal and keep the boiler room clean.

St. Therese's Hospital →

In 1936 an Iron Fireman Pneumatic Spreader stoker was installed in the St. Therese's Hospital at Waukegan, Ill., "Cost of maintenance has been very low and the savings approximately \$850 to \$900 annually," reports Sr. Leonardine, M.A., Superior. "The Iron Fireman has proved to be a sound investment."

You can enjoy Iron Fireman Comfort and Economy

Iron Fireman stokers in commercial and industrial sizes are now in full wartime production. Both hopper and binfeed models are available.

Enjoy the economy of Iron Fireman automatic heat. Iron Fireman can be installed in your present heat-

ing plant. Boiler room attendants appreciate the efficiency of the Iron Fireman automatically controlled fire. For literature or boiler room survey write the Iron Fireman Manufacturing Company, 3410 West 106th Street, Cleveland 11, Ohio.

A MOBILE ACOUSTI*-CONFESSIONAL

for busy penitential seasons

EXTRA CONVENIENCE—The Burgess Mobile Acousti-Confessional was developed for churches which need one or more extra confessionals for busy seasons. Standing only six feet high, it can be easily moved where needed. When permanent confessionals are drafty or poorly ventilated, this unit can be placed in comfortable locations.

GREATER PRIVACY—The walls are of patented acoustic construction which absorbs sound and thus provides greater privacy than many permanent confessionals. A special grille in the center panel transmits the slightest whisper, yet prevents the passage of unpleasant breath. Even the hard-of-hearing are assured greater privacy.

FOR SMALLER CHURCHES—This moderately priced confessional can be used in place of a more permanent structure.

ATTRACTIVE APPEARANCE—Its attractive design harmonizes with all church interiors. Available in walnut stain finish or natural wood color. Write for Bulletin 156 today for complete details.

FOR POST-WAR CHURCHES—When you are making plans to line the interior walls of existing confessionals, or to build new ones, be sure to investigate Burgess Acousti-Panels. Permanent Confessionals that have Burgess Acousti-Panels will provide increased privacy for both confessor and penitent. While we may not be able to supply everyone's needs, today, due to material shortages, we welcome your inquiries and will try to supply your requirements. Model 701 Burgess Mobile Acousti-Confessional

Patented Burgess acoustic construction is a thick blanket of sound-absorbent material protected by a heavy, perforated plywood facing. Voices and reflected sounds pass through the perforations and are absorbed.

Additional privacy of person and speech for penitents can be obtained by using curtains which can be hung on the special curtain rod furnished with the Model 701 Burgess Mobile Acousti-Confessional. (Curtains not included.)

Property Protection in Wartime

As the time draws near when our armed forces face their supreme test in the mightiest invasion of history, any wartime effort on the home front seems small by comparison.

Nevertheless, the task of America's fighting men and her Allies is of such magnitude that every ounce of strength of mind and hand that we in this country can muster to their support in whatever way we can is necessary and imperative.

This is why the fire insurance industry has been and is now geared to war; why it is alert through its inspection and engineering facilities in protecting the nation's industrial plants which have amazed the world with their productive power.

Through this vigilance, many disastrous fire losses have been prevented—losses which in wartime, when manpower and materials are so vital, would have been as damaging as enemy victories. Thus, in a real sense, watchfulness in fire prevention has meant a participation in the winning of the war by the "industry which protects other industries."

Meanwhile, the agents and brokers of the capital stock fire insurance business, as part of the Citizen Army, are a source of strength throughout the nation. By seeing to it that property is adequately insured, national morale is promoted, permitting greater concentration on the war effort.

Dollars for fire insurance premiums today are going in large part into U. S. Government Bonds, thus helping to bear the cost of war. This Company, for example, invested *all* of its new premium dollars during the last nine months of 1943 in War Bonds, in addition to its regular purchases of these securities.

In submitting herewith our annual statement we take pride in stating that more than 50% of the male employees of The Home Insurance Company are now with the armed forces.

THE CHURCH OF ST. FRANCIS OF ASSISI
New York City, N. Y.

The Rev. Capistran J. Petrie, O.F.M., Rector

The Rambusch Lantern G-165CD, first made for St. Francis of Assisi Church, New York City and already installed in many prominent churches from coast to coast, marks a new development in the science of church interior illumination in that it departs from the use of metal framework and adopts a more practical and serviceable material. The new lantern frames are made from a ligno-cellulose product which is durable, non-corrosive, easy to transport, assemble and install and can be finished in any desired color. Refinements in the application of ornament on the light amber diffusing glass is another new Rambusch feature.

For those who use the Catholic Directory

The exact page location of the various sections of the Directory mentioned in this Foreword may be found by consulting the alphabetical index on page vii.

A Public Service

Each year the editors of the Official Catholic Directory seek new ways of being of service to those who support it. Although the time may never be reached when the book will contain all that it could possibly have to be absolutely perfect in this respect, it is a goal toward which we are constantly aiming. For after all, the Directory, in a broad sense, is no private enterprise carried on for purposes of personal profit. It is a work supported by its users as a public service and, as such, the format, arrangement and editorial features must be directed towards the convenience and needs of the public it is designed to serve. Nor does this policy stop with the editorial contents. The advertisements in the Directory are accepted by us with the user of the Directory in mind. It has always been our proud boast that our advertisers are *selected* rather than *solicited*. Before they appear in the Directory the editors have made certain that the potential consumer can safely place full confidence in their products.

With this dedication to the public good in mind and because of the many editorial features and changes constantly being made in the Directory we believe it wise this year to devote some space and time towards giving you a clearer, more comprehensive idea of what the Directory contains and how to use these contents to best advantage. First then, we list a short summary of the parts of the book after which we explain how they may be used.

1. List of the Governing Bodies in Vatican City.

What the Directory Contains

This is a list of all of the officials, beginning with the Pope and continuing through the College of Cardinals. The duties of each of the Sacred Congregations and Offices together with its officials are given. A list of the National Colleges in Rome together with a chronological table of the Popes, complete the Section.

2. List of the Provinces of the United States.

This is a list of all the Archdioceses and Dioceses of the United States arranged under the provinces to which they belong. The names of all Archbishops and Bishops together with appointment and consecration dates are given.

3. Detailed Reports from Archdioceses and Dioceses of the United States.

This section, forming the largest part of the book, gives the most detailed information on the Catholic Church in the United States. Examples of its wealth of information will be given later.

4. Detailed Reports on U. S. Possessions and Those Parts of the World in which American Priests and Religious Labor in Missionary Work.

This section contains substantially the same information on foreign territories as the preceding one.

5. Special Listing of the Organization and Personnel of the National Catholic Welfare Conference.

6. General Statistics on Religious Orders of Men and Women.

In this section each Religious Order lists the number of Provinces it maintains, the superiors of the Provinces, the number of various classes of religious in the province, the number and kind of institutions it serves or maintains and the Dioceses in which its members are working. It is preceded by an exhaustive cross index.

7. A special listing of those societies engaged in missionary work giving the nature of their work, the territories in which their members are engaged and the local boards in various cities which aid or support them.

- 8. A list of the cities, towns and villages in which there is located a church with a resident priest or a catholic institution, or both.**

This section lists each city, the state in which it is located and the abbreviations of the Archdiocese or Diocese to which it belongs. A key to these abbreviations is given on a special page located between the alphabetical list of places and the alphabetical list of Bishops.

- 9. List of the Hierarchy of the United States alphabetically arranged, together with their addresses.**

- 10. List of the Hierarchy of the United States arranged according to their seniority.**

- 11. Alphabetical list of the Clergy, which includes all priests both Secular and those belonging to a Religious Order or Community.**

This list gives the diocese to which the priest belongs, the city and street address or institution at which he now resides.

- 12. Necrology of the United States Hierarchy and Clergy**

Here are listed alphabetically all those prelates and clergymen who have died since the last issue of the Directory. The address and diocese of each is given, together with the date of death.

- 13. A General Summary**

This is a general recapitulation of the statistics of each Archdiocese and Diocese. Total numbers for the United States and its possessions are given.

How to Find Things . . . All of these things the Directory contains—a wealth of names, statistics and relevant data such as few other books of reference encompass. It is indeed so much matter placed together in limited space that one may be excused a certain perplexity as to the quickest way to secure some particular point of information. A few pointers then, may not be amiss.

. . . About the General Plan . . . Each of the Reports of the various Archdioceses and Dioceses are alike in so far as the general layout is concerned. There is first a list of Officials. Then the churches in the See city are given, alphabetically arranged. This is followed by a list of the Churches outside the city, alphabetically arranged according to towns. With each Church is listed the schools, missions and stations connected with it. Following this is a listing of the Institutions in the Diocese; first those in charge of Diocesan Clergy, then those in charge of Religious Orders. This last is further divided into Orders of Women and Orders of Men. In the larger Archdioceses, this order may vary in certain cases. After the Institutional listings, there are summaries of the Religious Orders of Men and the Religious Orders of Women in the Diocese, a Necrology listing those priests who have died during the year and, lastly, a Diocesan Recapitulation of Statistics.

. . . About Prelates . . . Let us suppose you want to know something about a prelate. If you know his name the best place to look first is in the Alphabetical list of Bishops which immediately precedes the Alphabetical List of Priests. This will give his full name and address as well as the Diocese to which he belongs. Upon turning to the Diocese you will find, usually, the dates of his ordination, appointment, consecration as well as the dates of his transference in the event he served in any other Diocese. You will usually also find his secretary's name and address, a point of information sometimes very useful. If you want to know what place he would take in solemn procession, consult the Seniority list of Bishops which immediately follows the Alphabetical list.

. . . About Officials . . . In the event you wished some information concerning Diocesan officials, the Superintendent of Schools, let us say, you will find it in the Administrative Officials section directly under the name of the Bishop in each Diocese. In most cases both home and office addresses are given. You will also discover the degrees which should follow his name in formal address. All of the officials connected with the governance of the Diocese are listed in this section. In the event that the address of the official you seek is not given, look him up in the Alphabetical List of Clergy.

... About Places ... The place list of cities and towns in the United States tells you at a glance to just what diocese any particular one belongs. The cities and towns are arranged in strict alphabetical order and are followed by the abbreviation of the Diocese where located. When a town has no post office the correct mailing address or Post Office will be found in italics, immediately following the town desired, e.g. Reno, Iowa *Cumberland P. O.* DM. The Post Office address will also be found in its alphabetical position with the name of the town where the church or institution is located immediately following in Roman type, e.g. *Cumberland, Iowa* Reno DM. Different localities have particular ways of abbreviating Rural Free Delivery. You will encounter it as: R.F.D.; R.R.; R. A key to the Diocesan abbreviations used will be found conveniently placed between the alphabetical list of places and the alphabetical list of Bishops.

... About Statistics... If you are interested in securing statistical information you can find it in the individual Recapitulations at the end of each Archdiocese and Diocese. These Recapitulations give the number of Institutions and the number of people attending them for the entire Diocese. We have taken from these Recapitulations, those figures we consider to be most vital and summarized them in a general Recapitulation giving totals for the entire country. This will be found directly after the Clergy List and Necrology.

... About Clergymen ... If you know the clergyman's name, the fastest way to discover his address is to look in the clergy list. This will give you his Diocese and address. If there is a number in brackets in the listing, he is stationed at the Church bearing that number in the city and Diocese indicated. The numbers are inserted only for Churches in the larger cities having ten or more Churches. If you are not sure of his name but know the city or town he is in, look that up in the Alphabetical list of places. This will give you the Diocese.

... About Religious Order Priests ... Those priests belonging to Religious Orders are listed at the Churches and Institutions they serve. You will find at the end of each Diocesan report a list of the Religious Communities of Men active in that Diocese and a list of the Churches and Institutions at which they are stationed. If you should desire further information about any particular order you can consult the Index to Religious Orders which directs you to more detailed and comprehensive information concerning the order. Since many Religious Order priests are engaged in Missionary work outside the United States the abbreviation of that province of his order to which he belongs is given, as well as his mailing address.

... About Brothers ... In the United States, as well as in other countries, there are men who, while not ordained priests, live in community in the same manner as Religious Order priests. Some of these men are attached to Religious Orders of priests while others have formed their own Religious Community. Thus, in the Society of Jesus, there are ordained priests and brothers. On the other hand the Brothers of the Christian Schools, for example, have no connection with any Religious Order priests. You will find immediately following the Statistics on Religious Orders of Priests a listing of the Orders of Brothers who are independent of Religious Orders of Priests. Those Brothers who belong to Religious Orders of Priests are listed with their Order in the section devoted to Religious Orders of Priests.

... About Nuns ... There are 259 different Religious Communities of Women operating in the United States. To find general statistics on any particular one the first thing to consult is the Statistics of Religious Orders Section. Here you will find the number of Sisters, Postulants, Novices, etc. of each province, the number and kind of Institutions they maintain or serve and a listing of the Archdioceses and Dioceses in which they are represented. If you want to know, therefore, where the motherhouse of the nuns teaching at a certain school is located you have only to look the name up in the Religious Order Section. On the other hand, if you wish to know whether a certain order is represented at a certain school, you have only to consult the list of Religious Communities of Women in the Diocese, which you will find at the end of the report of each Archdiocese and Diocese.

**The
Complete
Edition**

As you probably know the Catholic Directory appears annually in three different forms. Volume One is the United States edition and contains information only on those Dioceses in the United States and its possessions. Volume Two is the Complete edition and contains everything in Volume One to which are added also Diocesan reports for Canada, Ireland, England, Scotland, Wales, Cuba and Mexico. These reports, except for Cuba and Mexico, are similar to those for the United States. There is also a list of Places for Canada which may be used exactly as the United States Place List. Volume Three contains everything in Volumes One and Two and is very substantially bound in stiff cover with heavy imitation leather.

In this attempt to facilitate your use of the Directory, we have tried to cover all the questions which may arise. However, we realize that there may be some special aspect, peculiar to your work, upon which we have not touched. If this is so, please feel free to call on us for further information. As we have said, the Directory is a work of Public Service. Each year refinements and improvements are added. With your cooperation there will be more of these in the future. It is your Directory and will, ultimately, take whatever form serves you best. Accordingly your corrections and suggestions are warmly welcomed.

PART I

Hierarchy of the Catholic Church

The Catholic Hierarchy, or the governing body of the Catholic Church, consists of His Holiness the Supreme Pontiff, assisted by the Sacred College of Cardinals and by several Sacred Congregations, or permanent ecclesiastical committees, of which the Cardinals are the chief members; by the Patriarchs, Archbishops and Bishops; by the Apostolic Nuncios and Delegates, Vicars and Prefects, and by certain Abbots and other Prelates.

HIS HOLINESS THE POPE
BISHOP OF ROME AND VICAR OF JESUS CHRIST,
SUCCESSOR OF ST. PETER, PRINCE OF THE APOSTLES,
SUPREME PONTIFF OF THE UNIVERSAL CHURCH.
PATRIARCH OF THE WEST, PRIMATE OF ITALY.
ARCHBISHOP AND METROPOLITAN OF THE ROMAN PROVINCE,
SOVEREIGN OF VATICAN CITY.

PIUS XII

EUGENIO PACELLI
NOW GLORIOUSLY REIGNING

The two hundred and sixty-first successor of St. Peter was born in Rome, March 2, 1876; ordained Priest, April 2, 1899; appointed Apostolic Nuncio to Bavaria, and promoted to the Titular See of Sardes, April 23, 1917; consecrated Archbishop by Pope Benedict XV, May 13, 1917; Apostolic Nuncio to Germany, June 22, 1920. Created and proclaimed Cardinal, December 16, 1929. Appointed Secretary of State, February 7, 1930. Elected Pope, March 2, 1939, crowned March 12, 1939.

VATICAN CITY

By virtue of the concordat signed by His Eminence, Peter Cardinal Gasparri, acting for the Pope, and Benito Mussolini, Premier of Italy, for the King, on February 11, 1929, the Feast of Our Lady of Lourdes, ratifications of which by the Pope and the King of Italy were exchanged on June 7, the Feast of the Sacred Heart, the complete and independent authority of the Pope to rule in his own possessions was recognized by the State. The territorial possessions of the Holy Father are called Vatican City and within its limits the Sovereign Pontiff's authority is recognized as supreme.

The Sovereign of this small state is His Holiness, the Pope.

The Governor is Marquis Commendatore Camillo Serbelloni, born in Rome in 1864.

The Apostolic Nuncio to the King of Italy is Monsignor Borgongini Duca, Titular Archbishop of Heraclea.

THE SACRED COLLEGE OF CARDINALS.

The Cardinals, when duly constituted and proclaimed, form the Supreme Council or Senate of the Church. They are advisers of the Supreme Pontiff, and at the death of the Pontiff they elect his successor.

There are three orders of Cardinals, *Cardinal-Bishops*,

Cardinal-Priests, and *Cardinal-Deacons*; but these orders are distinct from those of the Hierarchy. With very few exceptions, the Cardinal Priests are Archbishops or Bishops, and the Cardinal Deacons are Priests. The Sacred College of Cardinals, when complete, consists of 70 members—6 Cardinal Bishops, 50 Cardinal Priests and 14 Cardinal Deacons.

The Cardinal Bishops take their title from the Suburban Sees of Rome, which are: *Porto and Santa Rufina*, *Albano*, *Palestrina*, *Sabina*, *Frascati*, *Velletri*. The Cardinal Dean has united to his See the See of *Ostia*. The Cardinal Priests take their title from the "Titular Churches" to which they are appointed: the Cardinal Deacons are appointed to other Churches called "Deaconies." The first Cardinal Bishop is *Dean*; the first Cardinal Priest is *First Priest*; and the first Cardinal Deacon is *First Deacon* of the Sacred College. The Dean has the right of consecrating, and the First Deacon the right of proclaiming and crowning a new Pope. On the death of the Pontiff, the Cardinal *Camerlengo* has the Administration of the affairs of the Holy See.

(The "creation" of a Cardinal sometimes precedes, even by several years, the "publication and proclamation.") The Cardinal is then said to be "*reserved in petto*," and when proclaimed, he takes the precedence according to date of creation.)

ARCHDIOCESES OF BALTIMORE AND WASHINGTON

(Archidioecesis Baltimorensis-Washingtonensis)

BALTIMORE ESTABLISHED A DIOCESE Nov. 6, 1789; ARCHDIOCESE APRIL 8, 1808. Square Miles = 6399.
Total Population (1940 census) = 2,289,108

Comprises the City of Baltimore and all the Counties of Maryland lying west of the Chesapeake Bay. By a Decree of the Sacred Congregation of the Propaganda, July 19, 1858, approved by His Holiness, Pius IX, July 25, 1858, "Prerogative of Place" was conferred on the Archdiocese of Baltimore. By the explicit words of said decree of the Holy See the Archbishop of Baltimore takes precedence over all Archbishops of the United States (not Cardinals) in Councils, gatherings and meetings of whatever kind of the Hierarchy (in conciliis, coetibus et comitiis quibuscumque) regardless of the seniority of other Archbishops in promotion or ordination. Decree signed by Cardinal Barnabo, August 15, 1858.

WASHINGTON ESTABLISHED ARCHDIOCESE July 22, 1939. Square Miles = 64.
Comprises the District of Columbia.

In virtue of an Apostolic Letter of His Holiness, Pope Pius XII, dated July 22, 1939, the territory of the District of Columbia was separated from the Archdiocese of Baltimore and raised to the dignity of an Archdiocese in its own right to be known as the Archdiocese of Washington. Without prejudice to the prerogative of place enjoyed by the Archdiocese of Baltimore, the Archdiocese of Washington is united with it *aeque principaliter*. Both Archdioceses are under the jurisdiction of one Ordinary and there is but one Archiepiscopal Curia.
